Solar Eclipse Update

A big THANK YOU to the WESOI PTO for purchasing eye protection for ALL students and staff at the W-E School of Innovation. Students will receive their protective solar glasses on Monday. Recess will be held as usual since the event begins afterwards. All students are being taught safety precautions and our glasses are ISO certified. The students may keep their glasses for their journey home.

Mr. Thompson sent a letter by email to all families earlier today. That letter is linked to the email this newsletter was delivered in. We will use this solar event to educate our students and enjoy the wonders of the solar system!
