This will be a year of transition for the Career Academy. Starting with the incoming students for the 2016-2017 school year, Willoughby-Eastlake School District will be part of the Excel TECC Career/Tech consortium. This will provide an increase in the number of Career/Tech opportunities afforded to our students in Willoughby-Eastlake. Look for more information to come.

As I visit the classrooms throughout the day, I am thrilled to see the students engaged in their learning and so engrossed in their projects. The instructors are sharing their passion for their trade with the students and the excitement is contagious.

Students are happy to share what they are learning.

Mayor David Anderson has graciously agreed to continue our Breakfast/Lunch With The Mayor program again this year. Each month, the CTE program instructors select one student from Level 1 and one student from Level 2 to meet with the Mayor of Willoughby. They have a discussion regarding the state of the city and they have an opportunity to share what they are learning in their respective courses.

We are excited to see our new and returning students. I look forward to another great year at the Willoughby-Eastlake Career Academy.
