School Closings

Our calendar year differs from area school systems; therefore, we are not closed on all area school holidays. Please refer to the FAA calendar in this brochure. If The Fine Arts Association is closed due to poor weather conditions or emergency situations, closing information can be found on Channels 3, 5, 8, 19, 23, 25 and 43, and on most FM radio stations. You can also call us at 440-951-7500 two hours prior to your class/lesson. The opening phone greeting will indicate if The Fine Arts Association is closed. Closings will also be posted on our website (fineartsassociation.org) and our Facebook page as soon as they are decided.

"Family Ties" Fall 2017 Session Under the Sea

Mondays, September 11 – December 11, 2017 (14 weeks) 10:00 am – 3:00 pm

Sharing Day Performance: December 11, 2017 – 7:00 pm in the Corning Auditorium

(Students meet during the day as regularly scheduled. They then participate in the Sharing Day Performance at 7:00 pm for family and friends. This performance is free and open to the community.)

Daily Schedule: Students rotate through four 55-minute classes in visual arts, theatre, music and dance. All students meet for lunch and outdoor time from Noon-1:00 pm. (Students should bring their own bag lunch.)

Homeschool Curriculum Overview:

The Family Ties Homeschool Program provides enriching, hands-on arts experiences designed specifically for homeschooled students ages 5-13. Students are divided into two age groups: lower school (LS) and upper school (US). Caring, experienced faculty guide students through visual arts, theatre, music and dance classes. Students share what they have learned with family and friends when they gather for a celebration of the arts at the close of each session.

This fall, the "Family Ties" program celebrates all things "under the sea!" With The Fine Arts Association's holiday season performance featuring Disney's *The Little Mermaid*, students in the homeschool program will be provided with a hands-on experience in all arts disciplines that is connected to this theme. Participants explore scenes, songs and dances from Disney's *The Little Mermaid* and create art inspired by the characters and scenery of this timeless tale.

The Fall 2017 Session also includes the opportunity for homeschoolers and one accompanying adult to attend the 11:00 am performance of Disney's *The Little Mermaid* at The Fine Arts Association on Thursday, December 7, 2017. Families are requested to RSVP the first day of class since limited seats are available.

This program's curriculum is aligned with the Ohio Department of Education's Academic Content Standards in Fine Arts.

Fall 2017 – Full Session

HSF1700 10:00 am-3:00 pm \$392

For a personal tour of Fine Arts or more information about The Fine Arts Association's Homeschool Program, please contact Jeannie Fleming-Gifford, director of education at 440-951-7500 x118.

Payment plan available. See pg. 38 for details.

Private Music Instruction

The Fine Arts Association offers private music instruction for preschoolers through senior citizens.

Experience music lessons at The Fine Arts Association!

- » Professional faculty
- » Well-equipped, private music studios (most with Steinway grand pianos)
- » Scholarships, both need-based and achievement-based available
- » Traditional music instruction and the Suzuki Method of instruction are offered! (*For more information about the Suzuki Method of music instruction for young children, see pg. 14.*)
- » An arts community! Music, dance, theatre and visual arts are offered all under one roof.
- » Recital opportunities: The Fine Arts Association provides regular opportunities for music students to perform in recitals. General recitals are free and the community is welcome! If you are a music student interested in participating in a general recital, please communicate with your Fine Arts instructor.

Fall 2017 General Music recitals:

Saturday, October 14, 2017 – 2:00 pm – Corning Auditorium

Saturday, January 20, 2018 – 2:00 pm – Corning Auditorium

In addition, hands-on music instruction benefits people of all ages throughout their lives by:

- » Promoting self-expression and inspiring creativity
- » Developing and refining motor skills and coordination
- » Enhancing academic performance, especially in math and literacy skills
- » Increasing self-esteem
- » Better speech comprehension, stronger language skills and executive function (*Journal of Neuroscience, 2013*)

Fees & Enrollment for Music Instruction

Music students are asked to commit to taking 18 half-hour lessons during the 2017 Fall Session. However, new students may register for private music lessons any time throughout the year. Hour-long lessons are also available. You can inquire about an instructor's schedule and fees by calling our Customer Service Center at (440) 951-7500.

Music students may pay their tuition in full (and receive a 3% early registration discount if they register by Saturday, August 5, 2017), or they may take advantage of a payment plan. If using the payment plan, students pay the first payment installment at the time of registration. The three remaining installments will be charged to a **credit card** (Visa/MasterCard/Discover) provided at the time of registration on the following dates: September 29, 2017, October 27, 2017 and December 1, 2017. **If using a payment plan, ONLY** the Willoughby resident discount is applicable. No other discounts apply. Refer to the Policies section on pg. 38 for complete payment plan information or call the Customer Service Center at (440) 951-7500.

Continuing Music Students

Students who took music lessons during the Spring 2017 Session **and wish to continue with the same lesson day and time** during the Fall 2017 Session, have until the end of the business day on **Saturday, August 5, 2017**, to retain their current timeslot. Tuition must be paid by that date either in full or via the payment plan option (see pg. 38). ***Students who have not registered by the end of the business day on August 5, 2017, risk losing their timeslot.***

Need an extra lesson or two?

As the session ends, please note that music students are always able to add a lesson, as long as it works within their instructor's schedule. For more information on adding lessons during session breaks or when preparing for an upcoming performance, please contact Jeannie Fleming-Gifford, director of education at 440-951-7500 x118.

Earn College Credit for Music Instruction

Junior & Senior High School Students

Did you know that you can receive college credit for private music instruction here at The Fine Arts Association? Lakeland Community College (LCC) offers a College Credit Plus (CCP) to qualified high school juniors and seniors who enroll in music lessons at Fine Arts as an LCC student. For details on how to receive college credit through the CCP program, contact tcooper@lakelandcc.edu or call 440-525-7261. Qualified high school juniors and seniors can also earn college credit by taking music classes at LCC such as Music Theory, Music Appreciation or by performing in one of the LCC community ensembles: concert band, orchestra, chorus and/or jazz orchestra.

Current Lakeland Community College Students

Students who are planning to transfer to a baccalaureate program in music are advised to take private lessons on their major instrument or voice during every semester in which they attend Lakeland, and should contact Dr. Matthew Saunders, music department chair at msaunders4@lakelandcc.edu or (440) 525-7105.

Current Lake Erie College Students

A total of 15 lessons equates to one credit hour. Lake Erie College students who want to register for private lessons must register at both The Fine Arts Association AND at Lake Erie College. For more information and/or questions, contact the Registrar's Office at 440-375-7010 or register@lec.edu.

For further questions on receiving college credit, contact Jeannie Fleming-Gifford, FAA director of education at 440-951-7500 x118.

Suzuki Instruction

Dr. Shinichi Suzuki began to teach music by applying the basic principles of learning language. When learning a language, one listens, speaks, reads and writes, in that order. In the Suzuki approach, the student listens, plays, then reads and writes.

What is different about The Suzuki Method?

- » Parental involvement. Parents attend weekly private lessons and group classes with their child and serve as home teachers during the week.
- » Formal music training may begin at age 3 for stringed instruments and age 4 or 5 for piano.
- » Repeated listening to recordings of the pieces is the single most powerful factor in the success of the Suzuki method. It is akin to the natural way one learns a language through their environment.
- » Repetition is essential in learning to play an instrument. Each music piece becomes a building block for the careful development of technique.
- » Group participation. In addition to private lessons, students participating in Suzuki instruction are strongly encouraged to participate in weekly group lessons and recitals. Group lessons provide new opportunities to learn with others, provide motivation and also teach music theory, history and music appreciation.

Students participating in Suzuki instruction are strongly encouraged to participate in weekly group sessions.

Music Therapy is the structured use of music experience by a trained professional to help individuals of all ages and abilities achieve specific goals such as attention to task, motor development, appropriate social interaction, language development, positive self worth, emotional expression and much more.

Fine Arts Association Scholarships are offered for Music Therapy through a variety of sources including the United Way of Lake County. To obtain a scholarship form, contact the Customer Service Center at (440) 951-7500 x100. Third party pay is welcomed and accepted from Deepwood, NEON (Cuyahoga County and Lake County), Family and Children First Council, Zanes Foundation and several other organizations. Private insurance, Medicaid and Medicare are not accepted.

Individual Sessions are scheduled as 45 or 60-minute sessions once per week (30 minute sessions may be available as determined by the MT-BC). Sessions are designed to meet the individual's language, communication, developmental, social, cognitive or motor need(s). The music therapist supports the individual's journey by establishing a positive therapeutic relationship that allows the individual to meet attainable goals determined by the therapist in close collaboration with parents and/or caregivers. Individual sessions include a progress summary. An assessment is required prior to registration.

Social Groups are available for 2-3 peers (typical or similar) in 45 or 60-minute sessions once per week. Sessions focus primarily on proper social interaction, eye contact, sharing, teamwork, taking turns and more, all in the context of group music making. The music therapist works closely with each individual to address their specific social need within the group setting. **FAA current MT clients** should seek prior approval from your MT-BC before enrolling in a social group. **New FAA clients** must register for a 30-minute trial session with a MT-BC for placement into a social group.

Adapted Music Lessons are available on guitar, piano, drums or voice for children through adults with special learning needs. Lessons are taught by one of our trained music therapists who incorporate adaptive techniques to facilitate a successful music experience for the individual on his instrument of choice.

Off-site Services are available to preschools, private/public schools, nursing homes, hospitals and other community-based agencies in Lake, Geauga and Ashtabula counties. Whether for a group or individual session, services are tailored to the specific needs of the agency.

For information on Music Therapy services or to schedule an assessment, please contact the Music Therapy office at (440) 951-7500 x124 or Jeannie Fleming-Gifford, director of education at (440) 951-7500 x118.

Music Makin' (infants to age 5 w/adult) *Choose one session.*

Designed for young children of ALL abilities! Bounce, wiggle, sing and have fun with your munchkin. Led by Ann Marie Raddell, MT-BC, NICU MT, this class engages you and your child in singing, playing instruments and movement experiences. This class encourages bonding, stimulates the senses, promotes learning and creates opportunities for socialization.

Dance at Fine Arts

The Fine Arts Association's dance program allows students to enter at any level and/or style appropriate to both ability and age. Students new to Fine Arts with previous study in dance will be scheduled for a placement assessment by appointment with a dance faculty member. Students are evaluated annually to continue proper placement in a challenging class setting. Please note: ages are guidelines for each dance level.

New to the dance program at The Fine Arts Association?

Visit www.fineartsassociation.org/classes/dance.html for "New Student Info" which includes helpful suggestions on obtaining dancewear, etc.

Young dancers are offered creative movement and ballet/tap combination classes which provide a basic foundation of dance terminology and movements. Using familiar locomotor and non-locomotor steps, students develop increased coordination and spatial awareness.

After studying at these levels, it is typical for a student to continue their dance education in classical ballet, tap and/or jazz. Serious dancers should consider pursuing study in all three styles as the demands of the profession require versatility. For tap, jazz and modern students, parallel study in ballet is strongly recommended as dancers refine placement/alignment while performing demanding stylized choreography.

Students studying in the upper levels will develop technical proficiency, style and performance qualities as they are challenged by advanced vocabulary and complex combinations.

Ages are approximate guidelines. Students are placed in class based on experience and current ability.

All dance classes are progressive and continue for the full school year (August through June). Fall 2017 session students need to re-register for the Spring 2018 session.

Most dance classes participate in the annual Dance Recital held in late Spring 2018. The youngest dance classes participate in an informal Showcase held in late Spring 2018.

ALL Dance Classes culminate the Fall 2017 session with a CLASS OBSERVATION DAY. Class observation days are held the week of December 11, 2017. Two guests per dancer are invited to attend Observation Day. Reminder! Dance classes are an 18-week session and do continue into January 2018.

Private Dance Instruction

Refine your technique with individual attention. Classes are tailored to further develop skills based on individual goals. Contact Jeannie Fleming-Gifford, director of education at 440-951-7500 x118 for further information.

The Visual Arts Program at Fine Arts

Drawing Classes

Small class sizes, studio-based setting and professional instruction are the basis of FAA drawing classes. Project and technique focus varies with each session, allowing students to acquire skills in various mediums. Mediums include: chalk, crayon, graphite, marker, pastel, pen and ink, colored pencils and more! Teens are invited to bring a picture or other object to class as a core project which they complete during their class session.

Painting Classes

Want to learn something new or perfect your technique? The Fine Arts Association's painting classes provide the novice through advanced student the opportunity to explore paint mediums (acrylic, tempera, watercolors and more) while working in a studio-style, supportive environment.

Creative Painting and Drawing Classes

The perfect combination! Students learn the basics of drawing and painting as they work in multiple mediums: pastels, charcoal, tempera paint, watercolors and more. Observation and imagination are encouraged as students develop their creative and technical skills and create their own art portfolio.

Mixed Media Classes

Want to explore a bit of everything? Learn something new? From self-portraits to collage to cartooning to sewing and design, these classes provide the opportunity for creative people.

Ceramics

Ceramics projects are varied by age and interests. Students create all projects from clay. Projects are then glazed and fired onsite at The Fine Arts Association. Project examples include: trinket boxes, animals, plates, cups, frames, coil pots, piggy banks, baskets, tiles, beads and more!

Some Visual Arts classes require students to purchase their own tools and supplies. The ceramics classes for teens and adults have an additional clay fee of \$10 per bag. Ceramics tools are available for \$12 per kit. Ceramics tools and clay can be purchased at the Customer Service Center. Unless indicated, most courses are designed to permit students to continue from previous sessions. New students are always welcome!

Only ceramics projects completed onsite during class at The Fine Arts Association will be fired using Fine Arts equipment.

Please note that ALL courses have new projects each session. Materials fees are included in the class tuition unless indicated otherwise. Cover-up smocks are provided for preschool art classes.

NEW!

The Fine Arts Association is pleased to celebrate the works of its student artists!

Towards the end of each session, current visual arts students are invited to display a work of art in the Marvis Gillison Gallery for Student Art. These works of art will be hung through April, 2018.

Participating students and their families are invited to the Fall Student Art Opening on Thursday, January 11, 2018, from 6:00-8:00 pm. Refreshments will be served.

Early Childhood Classes

New projects EACH session! Ignite your child's imagination – fuel their creativity!

Young children are natural explorers and the visual arts provide sensory, expressive and social opportunities. Early childhood classes are designed to provide experiences with multiple mediums (paint, drawing tools, clay) and value the process of art-making over the products created. Dress for mess and come for fun! Smocks and all materials provided.

Parents/guardians of preschool-age students (below kindergarten age) are requested to stay onsite during classes. Please be in proximity to the classroom space in order to assist your child with toileting needs and/or need of additional support.

Painting Explorations (ages 1-3 w/adult) *Choose one session.*

Little ones with a favorite adult explore homemade paint recipes (food-based) with a variety of kid-friendly painting tools and toys in an open creative environment. Adults get to create seasonal keepsake artwork with the hand/footprints of the munchkin attending class.

Art Therapy... “the therapeutic use of art making,” used to promote physical, social and emotional health and well being.

Everyone... can make art. In Art Therapy, ANY person can be successful, regardless of their ability. No prior arts experience is required.

Benefits... of Art Therapy may include improvements in fine motor skills, participation, attention span, social skills, turn-taking, quality of life, creative expression and self-awareness.

Assessment... is required for new clients. During the one-hour assessment session, the potential client is exposed to a variety of art mediums in which the art therapist makes observations regarding behavior, motor skills, cognitive skills, language/communication skills and interest. Immediately following the assessment session, the art therapist discusses potential goals in Art Therapy with parents/caregivers and makes a recommendation for inclusion into the program. To schedule an assessment session, contact Jeannie Fleming-Gifford, director of education at (440) 951-7500 x118.

Collaboration... is key! The Art Therapist (ATR) works closely with parents and caregivers to develop goals based on the individual's physical, behavioral, social, emotional, cognitive, language and communication needs.

Sessions... take place once a week for 45-60 minutes where the art therapist works with an individual or group to participate in art-making experiences. Sessions provide a balance of art-making, talking and processing. Each session is unique and driven by the unique goal(s) of the client(s). Art Therapy sessions may take place onsite at The Fine Arts Association (38660 Mentor Avenue, Willoughby) or at an offsite location.

Art making sessions may include:

- » Drawing
- » Painting
- » Creative Sculpture

Fees... for assessments, adapted art lessons, individual and group Art Therapy sessions can be obtained by contacting The Fine Arts Association Customer Service Center at 440-951-7500. Scholarships are available through the United Way of Lake County for those families who qualify. Please contact Jeannie Fleming-Gifford, director of education at 440-951-7500 x118 for a scholarship application or for offsite Art Therapy services and rates.

For information on Art Therapy services or to schedule an assessment, please contact Jeannie Fleming-Gifford, director of education at (440) 951-7500 x118.

Theatre students of all ages explore and develop their acting skills through a variety of immersive, hands-on theatre classes designed for learning and fun. For each age level we offer both beginning and advanced level classes depending on the student's needs and ability. Basic techniques include, but are not limited to: vocal projection, diction, memorization, and blocking (stage placement). In advanced classes students will hone their craft, as well as become more comfortable with character choices and development, script analysis, stage presence, and line delivery. Students with prior training from outside organizations will meet with faculty to determine placement in various programs.

- Completed applications for Fall 2017 Session are due by **July 29, 2017** to The Fine Arts Association, Attn: Education Department.
- Application information is strictly confidential.
- Students are eligible for only one scholarship per session.
- No discounts (**other than the Willoughby Resident Discount**) may be applied to the class/lessons on which the scholarship has been received.
- Scholarships are not transferable.
- Unused scholarships are not carried forward to subsequent semesters.

Safety & Security

Parents/guardians of preschool-age students (below kindergarten age) are requested to stay onsite during classes. Please be in proximity to the classroom space in order to assist your child with toileting needs and/or need of additional support. All families should ensure that current emergency contact information and any critical medical information is on file and updated with Customer Service for your child(ren).

School Closings

Our calendar year differs from area school systems; therefore, we are not closed on all area school holidays. Please refer to the FAA calendar in this brochure. If The Fine Arts Association is closed due to poor weather conditions or emergency situations, closing information can be found on Channels 3, 5, 8, 19, 23, 25 and 43, and on most FM radio stations. You can also call us at 440-951-7500 two hours prior to your class/lesson. The opening phone greeting will indicate if The Fine Arts Association is closed. Closings will also be posted on our website (fineartsassociation.org) and our Facebook page as soon as they are decided.

Photographic Use Permission

By registering for classes or lessons you are agreeing to abide by The Fine Arts Association's Policies and Procedures and grant and give The Fine Arts Association the right to use your or your child's photograph or image with or without your or your child's name, both single and in conjunction with other persons or objects for any and all purposes including, but not limited to, private or public presentations, advertising, publicity, and promotion relating thereto. If you do not wish to grant permission for you or your child to be photographed, please see the Customer Service staff for a Photographic Opt-Out form.
