

Career Academy News

January/February 2016

Willoughby-Eastlake Career Academy, 25 Public Square, Willoughby, OH 44094
Susan Roseum, Director 440.602.5092

This time of year we like to think of our futures and make resolutions. We are off to a fresh start in 2016. It's a new semester. Keep focused on school as we head to the end of the year.

Our Cosmetology students will continue to see clients in the Cosmetology Salon. Check out the 'Menu' of services you can enjoy by visiting the Salon webpage of the Career Academy home page. You may call the Salon at 440-602-5140 , for an appointment.

The Career Academy students are busy preparing for their upcoming SkillsUSA competitions. SkillsUSA is a

Career Tech student organization that offers a structured program of citizenship, leadership, employability, technical and professional skills training. Following a Local Competition, students will advance to the Regional Competitions, being held at Auburn Career Center (*February 27th*). Here they will compete for the opportunity to advance to the State Level Competitions. Good luck to all the participants!

Willoughby-Eastlake has joined the Excel TECC consortium for Career Tech Education. This means we are now in a consortium of 10 School Districts with 11 High Schools,

which will provide many new opportunities for students in the district. Interview Day is scheduled for January 14th and the Acceptance Letters will be sent in February. There are still a few openings in some of our programs, so any interested Sophomore who has not already done so should see their Guidance Counselor for an application.

The current Career Tech Programs offered at the W-E Career Academy campuses include:

- Allied Health
- Auto Collision
- Auto Services
- Business Academy
- Cosmetology
- Health Informatics
- Licensed Practical Nursing
- Medical Assisting
- Production Welding
- Travel, Tourism & Hotel Management
- Welding

If you have any questions about any of our programs, feel free to contact my office. I'd be happy to discuss the Career Tech options that are available, or you can always speak with a current student. I'm sure they would be excited to share what they love about their experiences at the Career Academy.

We are excited about the future move to our new facility at 34343 Euclid Avenue – the former North Coast Lincoln Mercury dealership. The renovations will soon be underway and we are scheduled to begin the 2016-2017 school year in the newly renovated campus.

As a reminder, the Willoughby-Eastlake Career Academy will be closed on February 18th in observance of President's Day.
