

Eagle Edition

A Note from Mrs. Threat & Mrs. Brown

Dear Edison Eagle Families,

We hope you are enjoying reading *The World According to Humphrey* with our school! It has been so fun to discuss our readings with staff, students, and the community! With the cold weather season, please remember to have your children dressed appropriately for outdoor play, label your children's winter clothing, and send them in appropriate shoes. With the cold weather here, there are more sniffles and colds, so please encourage your children to wash their hands frequently. Finally, remind your students it is up to them to continue to make this the best year yet by SOARing and treating one another with kindness.

"Don't just fly, soar"-Dumbo

SOARing at Edison

SOAR Promise: Today I will SOAR. I will be safe, organized, have a good attitude and be respectful and responsible. The following students have demonstrated SOARing behavior:

American Heart Association

[MINUTES FROM PTO MEETINGS CAN BE FOUND HERE.](#)

Our **CLUB'S CHOICE SPRING FUNDRAISER** kicked off this week! Packets should have come home with students. **Students win prizes for sales** of home décor items, cookie dough, frozen foods, candy, nuts and magazines. Don't forget **Club's Choice has been a great partner to Edison, providing special pricing on items for classrooms, sponsoring special guest assemblies, and providing bounce houses and cotton candy and sno-cone machines for Carnival (items that are priceless to our school!).** Orders with payment are due February 19th. Order pick up in March. [See our website for information.](#)

HELP MAKE Purses 4 a Purpose (P4P) A SUCCESS!

The success of P4P hinges on the generosity of purse sponsors, local businesses and our Edison families!

Have or know of a business who could use some promotion? Having that business **sponsor a purse** is a great way to get exposure to a large audience! [Purse Sponsorship Information HERE.](#)

Do you know of or own a **business be willing to make a donation**? We are looking for anything from a donation of your time if you provide a professional or trade service, to unused gift cards lying around your house, to items that could be combined into a great theme basket. [Item donation information HERE.](#)

Class baskets are another great way to help! Each classroom will be [organizing a basket around a theme.](#) Those baskets are raffled off at our event and are a HUGE moneymaker. When information comes home – please contribute to your class basket. Even small items/monetary donations add up to make a great basket when every family is contributes. For more information on class baskets - contact Stacy Fink at 216.570.3985.

VOLUNTEERS NEEDED

All volunteer opportunities can be found [HERE.](#)

- [02/11 – 02/19: Spring Fundraiser Morning incentive Distribution](#) **MORNING HELP NEEDED!**
- [02/11 – 02/15: NED Show Yo-Yo Sales](#) **MORNING HELP NEEDED!**
- [02/12 – 03/05: Art Club Assistance](#) **TUESDAYS AFTER SCHOOL HELP NEEDED!**

*Note: Students getting breakfast ONLY at 8:20 AM

DISMISSAL CAR LINE Please pick up students by 2:50 PM! THANK YOU!

Healthy Habits at Edison

*Everyday good health habits like covering your cough and washing your hands often can help stop the spread of germs and prevent the spread of illnesses like the flu. Here are some tips from the Center for Disease Control and Prevention: Avoid close contact with people who are sick. When you are sick, keep your distance from others to protect them from getting sick too. Stay home from school, errands and work (if possible), when you are sick. You will not expose others to your illness. Cover your mouth and nose with a tissue when coughing or sneezing. Wash your hands often! This will help protect you from germs. If soap and water are not available, use an alcohol-based hand rub. ** See Below for notes from our nurse***

NOTES FROM OUR NURSE

Cold and virus season is here and we are seeing its effects in our school district. There has been a notable increase in absences due to the common cold and the “stomach flu” which is common this time of year. Deciding when to keep your child home from school is not always easy. It’s important for children to attend school, however, for some parents, staying home with a sick child means missing work. When a child is truly sick, the best place for them is at home in the care of an adult. This will allow them the necessary time to get well and it will also prevent the spread of the illness to others. The following information compiled from the Center for Disease Control and Prevention (CDC) may help you decide when to keep your child at home. The school health aides also use these guidelines to determine when you will be called to pick your child up from school. This information applies to all school-aged children including adolescents. It is not intended to be inclusive of all illnesses or conditions that may indicate the need for your child to stay home from school. This information does not take the place of a consultation with your medical provider.

dreamstime.com

FEVER: A fever is defined as a temperature of 100°F or higher. Fevers are a symptom of a viral or bacterial infection. Children are likely to be contagious to others when they have a fever. If you do not have a thermometer and your child feels warm to your touch, they probably have a fever. Please do not give your child fever reducing medicine and then send them to school. The medicine will wear off, the fever will probably return and you would need to pick them up anyway. **WHEN TO KEEP A CHILD HOME FROM SCHOOL:** Any child with a fever of 100°F or higher should not attend school and should not return until they have been fever free for 24 hours, without the use of fever-reducing medicine.

COMMON COLD: The common cold is a contagious upper respiratory infection caused by cold viruses. It is the most frequent childhood illness. Symptoms can last 7 to 14 days. A child with no fever, mild symptoms and otherwise feeling well may be fine at school. **WHEN TO KEEP A CHILD HOME FROM SCHOOL:** A child with cold symptoms such as deep or uncontrollable coughing or significant lack of energy belongs at home even without a fever.

FLU (INFLUENZA): The flu is a highly contagious respiratory illness caused by influenza viruses and can cause mild to severe illness. A person with influenza can be contagious up to one week after symptoms appear. Children are one of the biggest sources for spreading the flu. **WHEN TO KEEP A CHILD HOME FROM SCHOOL:** A child with flu-like illness (fever and cough) must stay home from school for at least 24 hours after they no longer have a fever or signs of a fever, without the use of fever-reducing medicine. If symptoms occur while at school, the student must be picked up as soon as possible to go home. Contact a medical provider with severe symptoms.

COUGH: A mild hacking cough often starts after the first few days of a common cold. A child with mild symptoms, no fever and otherwise feeling well may be fine at school. **WHEN TO KEEP A CHILD HOME FROM SCHOOL:** A child with deep or uncontrollable coughing belongs at home even without a fever. A child with cough and fever must stay home from school for at least 24 hours after they no longer have a fever or signs of a fever, without the use of fever-reducing medicine.

shutterstock.com · 641576725

SORE THROAT: A child with a mild sore throat, no fever and otherwise feeling well may be fine to attend school. A significantly sore throat could be strep throat, a contagious illness. Other symptoms may include fever, headache and upset stomach. Untreated strep throat can lead to serious complications. **WHEN TO KEEP A CHILD HOME FROM SCHOOL:** Keep your child home from school if they have a severe sore throat. Contact your medical provider if they also have a fever, headache or upset stomach as this could indicate strep throat. Children diagnosed with strep throat are no longer infectious and can return to school 24 hours after antibiotic treatment has been started.

DIARRHEA/VOMITING: Vomiting and diarrhea are usually caused by a stomach virus. It is often called the “stomach flu” even though it is not caused by the influenza viruses. Vomiting may last for 12-24 hours and diarrhea may take several days to completely resolve. **WHEN TO KEEP A CHILD HOME FROM SCHOOL:** Children who have vomited more than twice in 24 hours or have had 3 or more watery stools should be kept at home and should return to school only after being symptom-free for 24 hours. Consult your medical provider if your child also has a stomachache that is persistent or severe enough to limit activity.

Jump Rope for Heart started this week and will continue throughout the month of February. Packets were sent home yesterday with all the information of how to register online and students can begin receiving donations immediately online or in person. Please keep all packets until the end of the month and hand in to Mrs. Arnold. If there are any "instant gifts" the students should receive, they will get them in school within a few days of the notification.

Any questions, please ask Mrs. Arnold.

Thank you for making Edison Elementary Heart-Healthy!! ❤️ ☐
