

CCP 30 Credit Calculator Worksheet

| 1. Maximum number of college hours eligible for College Credit Plus participation. | | 30 |
|---|----------------|----|
| 2. Number of Carnegie Units to be taken at the high school (for the entire school year.) | | |
| 3. Conversion of Carnegie Units to College Hours. (Line #2 multiplied by 3 = college hours) (1 Carnegie Unit equals 3 college semester hours) | | |
| 4. Remaining number of college hours eligible for College Credit Plus participation. (Line #1 minus line #3) | | |
| 5. College hours enrolled at the primary College/University. | Summer Credits | |
| | Fall Credits | |
| | Spring Credits | |
| 6. Additional College hours enrolled at any other college or university. (This includes classes instructed at the high school for dual credit.) | Summer Credits | |
| | Fall Credits | |
| | Spring Credits | |
| 7. Total college hours for all semesters. (Totals from line #5 plus totals from line #6) | | |
| 8. College hours under or over the 30-credit limit for CCP participation. (Line #4 minus line #7) A positive number indicates the student is under the 30-credit limit, and a negative number indicates the student is over the 30-credit limit. | | |
