

Career Options Seedling Sale

Career Options is a Willoughby-Eastlake program that provides high school students the opportunity to learn about various careers and build employability skills. Because of a grant awarded in 2017, we were able to purchase indoor grow lights, soil, seeds, and other supplies needed to grow various seedlings. Career Options students have participated in all aspects of this project, from planning/forecasting demand, planting, composting, watering, labeling, processing orders, calculating costs, to counting money from sales. Teachers and paraprofessionals assist in the process; each stage creates a chance to obtain hands-on experience in horticulture, customer service, math, entrepreneurship, marketing, communication, and teamwork.

Please send in your order form by May 13, 2024 to **Jessica Varcho, Career Options, NCI-Eastlake, 34050 Glen Drive, Eastlake, Ohio 44095.**

At this time, we are able to accept cash and personal checks as payment. Please make checks payable to Willoughby Eastlake City Schools. All seedlings will be available for pick up beginning May 6th. If you would like your seedlings delivered, deliveries will be made to each school the week of May 13th. We will email to communicate date and times for both delivery and pick up. If you have any questions, please email Jessica.Varcho@weschools.org.
