### Theatre Arts Camp – Showdown at Sock Ridge (grades 3-12)

All ability levels welcome. No previous experience required. All campers must schedule an audition for placement purposes.\*

About the 2018 show:

Welcome to the sleepy little town of Sock Ridge, Wyoming! Sheriff "Kitt" Kittridge just wants to make it through 1862 without a major incident and head out for Oregon with a full pension, but the railroad is coming through and some ambitious fool went and found gold in the nearby hills. Deputy Dagget lost the key to the only jail cell, the ranchers are annoyed at the farmers, the farmers are annoyed at the townies, the townies are annoyed at the settlers, and everyone seems to be annoyed at Sheriff Kitt for some reason. And to top it all off, there are rumors that both infamous robber-baron J.P. Sockafella AND notorious nuisance the Somnambulant Kid are heading to town. It's enough to give a poor civil servant a Texas-sized headache.

Every year, more than 75 area students join The Fine Arts Association for this unique musical theatre experience. This fun, interactive camp engages campers in the theatrical aspects of music, dance, theatre and visual arts. Classes and rehearsals are designed as lessons in acting methods, dance techniques/ composition, and voice/music skills. Camp culminates with a fully staged ticketed production the final weekend of camp with the script and songs tailored especially for the talents of the campers.

Camp tuition includes 2 comp ticket vouchers for choice of one culminating performance and a special 2018 camp t-shirt.

Campers should bring lunch and water bottle (vending machine with snack type foods and beverages also available).

**Optional supervised Before and After Camp Care are included in the camp tuition! Camp officially runs from 9:00 am-3:00 pm. Drop off as early as 8:00 am and pick up as late as 4:00 pm.**

## Private Music Instruction

*Summer is a GREAT time to take music lessons!*

The Fine Arts Association offers private music instruction for ALL ages, preschoolers through senior citizens.

Summer music lessons are perfect for improving your musical skills or for trying something new. Students, instead of putting your instrument in its case and not touching it for 3 months, come take summer music lessons and you'll start the fall as a stronger musician rather than a rusty one.

## Experience music lessons at The Fine Arts Association.

- » Professional faculty
- » Well-equipped, private music studios (most with Steinway grand pianos)
- » Scholarships, both need-based and achievement-based available
- » Traditional music instruction and the Suzuki Method of instruction are offered. (*For more information about the Suzuki Method of music instruction for young children, see pg. 16.*)
- » An arts community! Music, dance, theatre and visual arts are offered all under one roof.

Suzuki Instruction

Dr. Shinichi Suzuki began to teach music by applying the basic principles of learning language. When learning a language one listens, speaks, reads and writes, in that order. In the Suzuki approach, the student listens, plays, then reads and writes.

What is different about The Suzuki Method?

- » Parental involvement. Parents attend weekly private lessons and group classes with their child and serve as home teachers during the week.
- » Formal music training may begin at age 3 for stringed instruments and age 4 or 5 for piano.
- » Repeated listening to recordings of the pieces is the single most powerful factor in the success of the Suzuki Method. It is akin to the natural way one learns a language through their environment.
- » Repetition is essential in learning to play an instrument. Each music piece becomes a building block for the careful development of technique.
- » Group participation. In addition to private lessons, students participating in Suzuki instruction are strongly encouraged to participate in weekly group lessons and recitals. Group lessons provide new opportunities to learn with others, provide motivation and also teach music theory, history and music appreciation.

Students participating in Suzuki instruction are strongly encouraged to participate in weekly group classes.

# The Dance Program at Fine Arts

## Summer Is A Great Time To Dance!

Refine technique, gain physical strength  
and simply dance for the joy of dancing!

The Fine Arts Association's dance program allows students to enter at any level and/or style appropriate to both ability and age. Students new to Fine Arts with previous study in dance will be scheduled for a placement assessment by appointment with a dance faculty member. Students are evaluated annually to continue proper placement in a challenging class setting. *Please note:* Ages are guidelines for each dance level.

### New to the dance program at The Fine Arts Association?

Visit [www.fineartsassociation.org/classes/dance.html](http://www.fineartsassociation.org/classes/dance.html) for "New Student Info" which includes helpful suggestions on obtaining dancewear, etc.

Young dancers are offered creative movement and ballet/tap combination classes which provide a basic foundation of dance terminology and movements. Using familiar locomotor and non-locomotor steps, students develop increased coordination and spatial awareness.

After studying at these levels, it is typical for a student to continue their dance education in classical ballet, tap and/or jazz. Serious dancers should consider pursuing study in all three styles as the demands of the profession require versatility. For tap, jazz and modern students, parallel study in ballet is strongly recommended as dancers refine placement/alignment while performing demanding stylized choreography.

Students studying in the upper levels will develop technical proficiency, style and performance qualities as they are challenged by advanced vocabulary and complex combinations.

**Ages are approximate guidelines. Students are placed in class based on experience and current ability.**

## Drawing Classes

Small class sizes, studio-based setting and professional instruction are the basis of FAA drawing classes. Project and technique focus varies with each session, allowing students to acquire skills in various mediums. Mediums include: chalk, crayon, graphite, marker, pastel, pen and ink, colored pencils and more! Teens are invited to bring a picture or other object to class as a core project which they complete during their class session.

## Painting Classes

Want to learn something new or perfect your technique? The Fine Arts Association's painting classes provide the novice through advanced student the opportunity to explore paint mediums (acrylic, tempera, watercolors and more) while working in a studio-style, supportive environment.

## Creative Painting and Drawing Classes

The perfect combination! Students learn the basics of drawing and painting as they work in multiple mediums: pastels, charcoal, tempera paint, watercolors and more. Observation and imagination are encouraged as students develop their creative and technical skills and create their own art portfolio.

## Mixed Media Classes

Want to explore a bit of everything? Learn something new? From self-portraits to collage to cartooning to sewing and design, these classes provide the opportunity for creative people.

## Ceramics

Students create projects from clay, then glaze and fire them onsite at The Fine Arts Association. Ceramics projects vary by age and interests. Examples include: trinket boxes, animals, plates, cups, frames, coil pots, piggy banks, baskets, tiles, beads and more!

Ceramics classes for teens and adults have an additional clay fee of \$10 per bag. Ceramics tools are also available for \$12 per kit. Tools and clay can be purchased at the Customer Service Center. Unless indicated, most courses are designed to permit students to continue from previous sessions. New students are always welcome!

Only ceramics projects completed onsite during class at The Fine Arts Association will be fired using Fine Arts equipment.

**Please note that ALL Visual Arts courses have new projects each session. Materials fees are included in the class tuition unless indicated otherwise. Cover-up smocks are provided for preschool art classes.**

## Private Visual Arts Instruction

Private instruction in Visual Arts is available. Visual Arts classes at The Fine Arts Association are designed to provide students with a balanced and progressive instruction in all art media. Individual instruction should be viewed as a supplement to regular art classes, not as a substitute. Students may be asked to purchase their own materials (i.e. canvas, paint, etc.). For more information on available times and pricing, contact the director of education at 440-951-7500 x118.

## Art Therapy – For individuals with special needs

**Art Therapy...** “the therapeutic use of art making,” used to promote physical, social and emotional health and well being.

**Everyone...** can make art. In Art Therapy, ANY person can be successful, regardless of their ability. No prior arts experience is required.

**Benefits...** of Art Therapy may include improvements in fine motor skills, participation, attention span, social skills, turn-taking, quality of life, creative expression and self-awareness.

**Assessment...** is required for new clients. During the one-hour assessment session, the potential client is exposed to a variety of art mediums in which the art therapist makes observations regarding behavior, motor skills, cognitive skills, language/communication skills and interest. Immediately following the assessment session, the art therapist discusses potential goals in Art Therapy with parents/caregivers and makes a recommendation for inclusion into the program. To schedule an assessment session, contact the director of education at (440) 951-7500 x118.

**Collaboration...** is key! The Art Therapist (ATR) works closely with parents/caregivers to develop goals based on the individual's physical, behavioral, social, emotional, cognitive, language and communication needs.

**Sessions...** take place once a week for 45-60 minutes where the art therapist works with an individual or group to participate in art-making experiences. Sessions provide a balance of art-making, talking and processing. Each session is unique and driven by the unique goal(s) of the client(s). Art Therapy sessions may take place onsite at The Fine Arts Association (38660 Mentor Avenue, Willoughby) or at an offsite location.

Art making sessions may include:

- » Drawing
- » Painting
- » Creative Sculpture

**Fees...** for assessments, adapted art lessons and individual and group Art Therapy sessions can be obtained by contacting The Fine Arts Association's Customer Service Center at 440-951-7500. Scholarships are available through the United Way of Lake County for those families who qualify. To obtain a scholarship form, contact customer service at (440) 951-7500. Final day to submit scholarship applications for 2018 Summer Session is May 5, 2018.
