

What is the NAMI Peer-to-Peer Education Program?

NAMI Peer-to-Peer is a free, eight-session educational program for adults with mental health conditions who are looking to better understand themselves and their recovery.

Taught by trained leaders with lived experience, this program includes activities, discussions, and informative videos. However, as with all NAMI programs, it does not include recommendations for treatment approaches.

NAMI Lake County, OH is offering this program as part of our regular education schedule. Please visit our website or contact the program coordinator for dates. P2P is offered as a hybrid session.
