# A Message From

## Mr. Frei

After nearly two decades working as either a teacher or principal, I still find myself amazed at the end of every school year when I reflect on how quickly the time flew by. It seems like just yesterday we were welcoming everyone back to school, celebrating our school pride during Spirit Week, and talking about how great the year was going to be. Now, we find ourselves finalizing plans for prom, preparing for commencement, and reminiscing about all of the fun we had. This year, however, was different. Each of our traditions and major events occurred for “the last time” in the current North High School. It will be bittersweet to finally say goodbye to the current North, but it is with great anticipation and excitement that we look to next year, and the opening of the new North High School. Although the old North High will be gone - the history, community pride, and memories will last forever. No matter which building you attended, you will always be a Ranger. You will always know where your home is. The 2018-2019 school year was a blast. Here’s to many more!

Sincerely,

Mr. Frei

## Maddisan Rose Chase

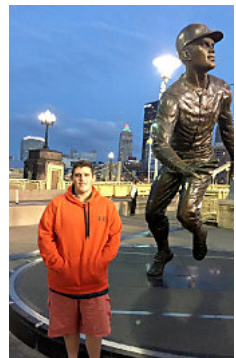

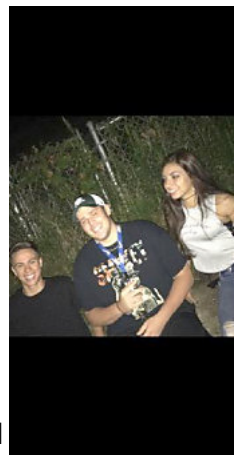

**September 28, 2000 - June 5, 2018**

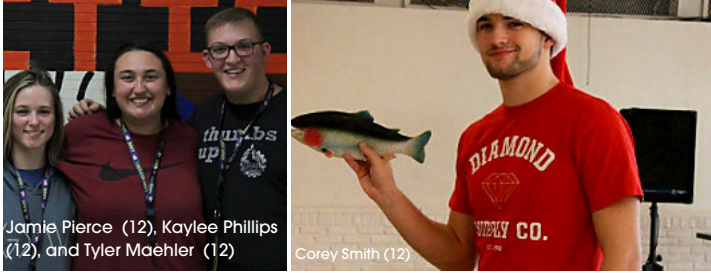

Maddisan, "Maddie," was just as unique as the spelling of her name. Maddie enjoyed doing every day things, like spending time with friends and family, just as any other teenager. She was a spitfire and could light up a room with her personality, and her loving spirit truly left a mark on everyone's heart. She passed away the summer before her senior year due to an incident on her way to work. There were two quotes that she lived by: "Don't be sorry, be better" and "Always more never less." Now these quotes are engraved on her headstone forever. Rose Maddie's mother wrote, "We will all miss her smile, beautiful eyes, laughter, kindness and loving and giving nature. Maddie was one of a kind."

## Tyler Voss August 6, 2000-August 27, 2018

Tyler was an average kid; he did all of the things one would expect of an 18 year old. He played video games, hiked, played paintball, cheered for his favorite football team, and then mimicked the plays in the backyard with his friends. However, according to his friends, the thing that set apart from the rest is that he was an extremely empathetic person, which made him the ideal person to talk when things were difficult. He was one of the most loyal people you could ever meet, and above all else, he was true to himself and others. Tyler passed during the beginning of his senior year due to health related issues. His friends and family said, "You don't meet many people like Tyler throughout your life. Tyler was the kind of person you could rely on in any situation, the type of guy to go to when something is going terribly wrong." He will greatly be missed.

# Washington, DC Senior Trip

The Washington DC trip is always a field trip to look forward to for the senior class. The two full-day trip involves several entertaining and informative activities to enjoy with friends. "I had an amazing time going to DC with my friends and seeing monuments that I have always wanted to see," says senior Max Skale. Although not all seniors chose to attend or were able to attend, the ones who did had a wonderful time they'll never forget.

## Food and the Theater with Friends

As a part of the trip, the seniors were able to enjoy a nice dinner with each other at an Italian restaurant. The next day they got to stop at Fords Theater as an extra stop before heading back home.

# A Memorial to Remember

The seniors visited the Vietnam Memorial to honor those who have served and given their lives for America. Some students gave flowers to the to the memorial, while others came to admire those who have passed for their tireless efforts in protecting us and keeping America a safe place for them to learn and grow.

What do you think about being the first graduating class of the new school?

"It's pretty exciting to get to be the first graduating class in the new school. Even though we are all new to the building, my class gets to lead the school and that's something to look forward to."

**-Samantha Fredle**

"Senior year is intimidating to begin with, so being the first graduating class in the new school is going to add another level to that. However, it is going to be interesting being able to watch how it turns out."

**-Chailey Sechrist**

"I'm excited to be in the first graduating class at the new school because we will start a legacy that will last for years."

## Remembering Joshua Knuchel

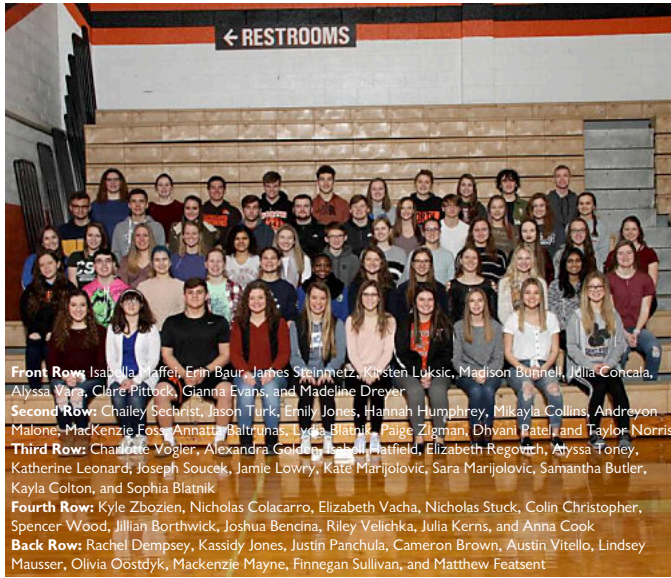

Joshua "Knuch" Knuchel was a beloved substitute teacher, photographer, and all around fun guy. He passed away on May 25, 2018, from the gruesome disease of Cystic Fibrosis. He helped out around the community by volunteering and working with students at local sporting events for North. He kept scores for various sports at North, and he was in charge of the books at the bingo games to support the North High Boosters. He was a beloved part of North that will be missed.

-Rachel Dempsey (12)

Erin Baur (12)

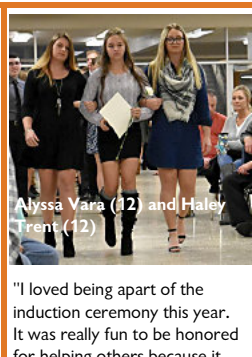

## Never Forget your Dedication

Nicholas Stuck (12) and Kyla Brainard (12)

"I felt honored because I knew all my hard work was being acknowledged. I knew all the extra effort ended up making a big impact."

-Caitlin Washburn (12)

Alyssa Vara (12) and Haley Trent (12)

"I loved being apart of the induction ceremony this year. It was really fun to be honored for helping others because it usually is about the people you are helping and not so much about you, so it was nice to feel recognized. I also got to see my mom really happy and excited for me which was such a great feeling."

-Cecelia Federici (12)

Spencer Wood (12) and Madison Bunnell (12)

"I was a little nervous and I also felt proud to be in National Honors Society."

-Erin Baur (12)

Antonette Bisbee (12) and Tatum Gluck (12)

"I felt great being inducted. I felt like a great person and a role model for the younger kids to look up to."

-Mackenzie Foss (11)

Spencer Wood (12) and Justin Panchula (12)

"When I first got nominated for NHS, I knew it was something I wanted. Getting in was even more amazing!"

-Amanda Daro (11)

# Spirit Club

Ms. Lane also advises the spirit club with the help of Mrs. Cvelbar. This club is in charge of spirit week and helping to raise money for United Way during spirit week. They help chose the daily themes for each day during spirit week and they come up with creative ways to raise more money than South for the United Way Fundraiser.

**Front Row:** Kaylyn Culliton, Britney Smith, Izabella Brcinovic, Madison Bunnell, and Corey Smith  
**Middle Row:** Philip Lovrinovic, James Arnold, Jack Sheehan, and Spencer Wood  
**Back Row:** Brett Payne and Sebastian Osler

# Academic Decathlon

Jason Turk (12) is all smiles after he received his medal.

Acadec is a club for students who want to expand their education and put their knowledge to the test. They must study hard and prove their skills in a true academic challenge. These students are the best of the best when it comes to brainpower. The club is advised by Mrs. Gray with the help of Mrs. Graves and Mr. Bozic.

Maya Situm (10) receives a medal for her knowledge in the Science category.

Tegan Rigby (9) receives her medal.

**Front Row:** Maya Situm, Katelyn Case, Justin Samsa, and Tegan Rigby

**Back Row:** Jason Turk, Rachel Dempsey, and Daniel Zinner

# Quiz Bowl

The quiz bowl team is advised by Mr. Kilner, and the team meets weekly. They attend several competitions throughout the year where they compete against other schools to see which students can answer the most trivia questions correctly. Questions can range from literature to art history and even pop culture. In order to excel at the competitions, students must study in between weekly meetings and attend practice to test their skills.

# Games and Theory Club

The Game and Theory club is the place to be for fans of videogames. The club has worked with various games, including Mario Kart, Super Smash Bros, Dungeons and Dragons, as well as many other types of games of various genres. The club is advised by Mr. Young, and it meets weekly to discuss and analyze video games. This is the place to be to relax and play video games with friends after school.

# Volunteer's Club

These students take time out of their day after school to volunteer around the community. In the past, they have cooked dinners for the families at Hospice. They have also helped clean yards for elderly people during the fall and spring. These students help at schools fairs, holiday events, craft shows, or any other community event where help is needed. This club is advised by Ms. Schendel and Ms. Paladino.

**Front Row:** Ashley Beck, Madeline Dreyer, Gianna Evans, Isabella Maffei, Taylor Norris, Chonnakan Pamuta, MacKenzie Foss, and Elizabeth Regovich  
**Middle Row:** Jillian Borthwick, Jumia Kerns, Lindsey Mausser, Karmen Wanchisn, Joshua Bencina, Anna Cook, and Isabella Hatfield  
**Back Row:** Emma McGuigan, Rushi Patel, Jonathan Dotson, Kyle Spence, Cameron Proctor, Samuel Guzik, Dylan Froelich, and Finnegan Sullivan

# Robotics Club

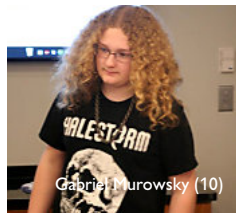

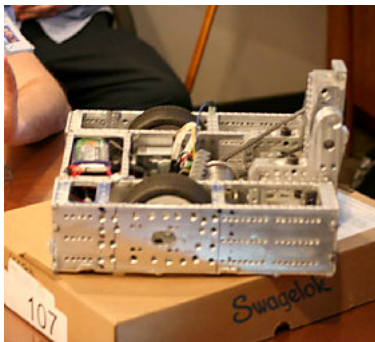

Robotics club involves designing a robot to compete against other schools in a robot wars type competition. The club is advised by Mr. Teal and Mr. Hertrick. The idea of the club originated from the show called Robot Wars. The show began in the beginning of the 2000's, and the robots that they build are similar to one in the show but are just a little bit different. Member, Matthew Petrasko (12), stated in an interview that the rules with building the robot do not permit flames, open projectiles, and gasses. Robotics is a very interesting club that allows members to be hands on and dig into their creative side. Working with one another to design a robot helps build teamwork, as well as many other skills one will need in the future.

## More Clubs

**GSA Club:** GSA is advised by Ms. Schendel. The club meets during the week, and each week there is a different activity. In the past, they have done crafts, discussed current issues, as well as other topics that may be of interest to the group. Depending on the topic, sometimes there are guest speakers who run the discussion or share their experience with the students.

**Science Club:** The club is advised by Mrs. Quirarte. At each meeting, the club explores a different types of science that they don't typically get to discuss in class. Beyond just learning basic science skills, they also talk about different holidays and how they correlate to science. The adviser also helps those who are interested in majoring in science to help find colleges that offer different science majors.

# World Language Club

**Front Row:** Logan Roberts, Ashley Beck, Cameron Norton, and Alexandra Economou  
**Back Row:** Gianna Evans, MacKenzie Foss, Kyle Zbozien, and Olivia Bergeron

The world language club is advised by Madame Forsellfill. The club allows students to explore different cultures and languages while having fun. The club celebrates different holidays and traditions from various cultures. They play games, eat food, and discuss the culture. It's a great way to have a fun after school, while also learning about the world.

Olivia Bergeron (9), Kiera Spain (9), Cameron Northon (9), Saniya Perry (9), Alyssa Slagle (10), Maya Situm (10), Corey Swick (10), Ashley Scarberry (10), Allyson Spicer (10), Logan Roberts (9), and Alexandra Economou (9)

The writing club is advised by Ms. Rosmarin. The students work on exploring different genres of writing, including poetry, mystery, history, non-fiction, as well as many other genres. The students learn how to build a portfolio, and they search for and participate in writing contests and scholarships. The students also get to collaborate with their peers, while improving their writing skills.

# Office Pages

The office pages are students who work in the office during their study hall. As an office page, they are required to take passes to students who are needed in the attendance, guidance, or main office.

## Vine St. Snowmen

Ms. Kirschnick and Mrs. Staunton advise the art club. The past two years, the club has painted snowmen for the community. Last year the Mayor of Willowick-Eastlake asked North to line Vine Street with painted snowmen. The art club students painted 8 of the snowmen last year and the Mayor loved them so much that he asked North to paint 24 more snowmen this year. The snowmen class and the art club students worked together on the snowmen in order to complete all 24 of the snowmen before winter break. The snowmen were cut out of wood and they were 8 feet tall. Ms. Kirschnick said "I think it's important to have students involved in the project, and it's a great way for people to see all the talent." The students created and designed the themes for the snowmen and painted these public works of art for everyone to enjoy.

# A fall to Remember...

This fall season at North High School has definitely been one to remember. While nobody would have complained if the weather had been less sweltering, everyone stuck it out like they do every year and made the best of it. North kicked off the season with spirit week, where students pied and dunked teachers and dressed up per the theme each day. The celebration culminated on Friday with the pep rally and ended on a high note with North beating South for the first time in 14 years. This finally ended South's winning streak. All in all, North's 2018 fall season was an exciting and atypical one.

## *Time to Beat the Rebels*

After fourteen long years, the men of North defeated their rivals, the Willoughby South Rebels, with a final score of 37-29. This is the moment everyone has been waiting for at North for over a decade. Not only did they beat South for the first time in fourteen years, but North also defeated South for the last time before the old school was torn down. The seniors must be so proud that their last year here was the most memorable. After that night, the song "September" was probably stuck in everyone's head to this day. Everyone will always remember September 21st when history was made.

# Marching to History

## Marching Band

This year the marching band had an excellent year performing at various games but none more so than the first North vs. South football game. This was the first time in over a decade that North defeated South. That night was not only a demonstration of skill by the football team but also a culmination of skill by the marching band. So, it was only fitting that the football team's first victory against South in years was with the support of the marching band!

Sophia Blatnik (12), Amiee Senik (9), Erin Panchula (10)

The marching band has also worked very hard to make sure that they performed their best this season by practicing throughout the school week. This can clearly be seen by their spectacular performances at the various games and halftime shows for Friday night under the lights. These victories are not only provided by the musical part of the band; however, but also by the skill of the flag and baton twirlers, who aid in putting on a dazzling display with their organization and their immense skill!

## A Display at Home

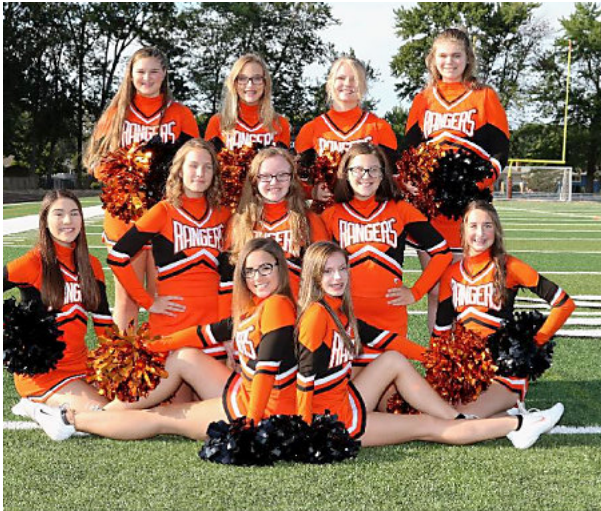

The entire marching band puts on a display for the masses at the first home game of the season. The marching band shows off their skills and organization that they worked hard on during the year. It was quite a display at to see and there is no doubt it helped North to be victorious.

# Time to Swing! Boys Golf

The North High Boys Golf team had a great year overall. The Varsity team's record was 3-2 and JV's was 4-1. The team started the season off strong by earning a 176-220 win against Brush on the back nine of Manakiki Golf Course followed closely by another win against Brush (178-235) at Lost Nation Golf Course. This performance mirrored last year, as the Rangers defeated Brush twice last year as well. Brandon Swearingen (12) was a stand out player this season with almost all of his scores being in the low 40s. He also made the WRC All-Conference Golf Team with a remarkable score of 85 at the Quail Hollow Country Club Conference Tournament. This year showed that the Rangers are continuing to improve their

# Spirit Week United Way

As spirit week kicked off, North had football, fun, and the United Way on their minds. Throughout the week, the daily themes included color wars, tie dye, tourists, South Nerd day and, last but certainly not least, crazy orange and black day! While the excitement for the North vs. South game built, all of the students were hard at work raising money for United Way through many fun in and out of school events.

# TERRIBLE The Comedy of Errors

A student led production

Samantha Puglia (9) as Dr. Pinch, a doctor with a habit of pinching and explaining her backstory.

Opening with two shows on Saturday, October 27th, 2018 and another show on the 28th, *The Comedy of Terrible Errors* was led by North's students. The play follows a group of actors attempting to put on the Shakespeare play *The Comedy Of Errors*. The comedy comes from everything going awry due to their lack of experience. There were 16 actors total working on the play (with named roles) with more students acting as extras. While tickets weren't sold out completely, half of the seats were occupied per night and reception was rather positive. North's production was directed by Emily Jones (11). Despite being conducted mainly by students, the production went as smoothly as any other production did, which is a fantastic feat. Overall, this production shows the promise of future student-produced shows at North.

Here at North High School, the season began with the winter sports season, which included basketball, cheerleading, bowling, wrestling, swimming, and gymnastics. Throughout the season, there have also been various concerts performed by North's band and choir groups within the school and community. During the holiday season, there were various activities offered for children. North held Breakfast with Santa, which consisted of eating a delicious breakfast with Santa and spending time with family and friends. National Honors Society ran this successful event.

This season the weather has been completely unpredictable! This winter there was days in December, January, and February where the temperature was in the mid 60s, but there were also a few days where the temperature hit negative degrees, which led to a few snow days.

# Winning at Halftime JV Boys Basketball

Despite having a rocky 6-16 season, North's JV Boys Basketball team always strived to play their best and never gave up in any situation. Throughout the season there were many very close games, including a home game early in the season against Madison in which the team lost by less than five points. Despite their record, the team displayed determination and hard work throughout the season. North's JV team looks back on this season as a sign of their dedication to the game.

# Boys Varsity Basketball

Since this is the final year at this school, this is the season to remember. The players and fans' hopes for the 2018-2019 season were set relatively high, as the Rangers were hoping to beat last year's meager four wins out of 19. The rangers won five of their first seven games, with more wins later in the season. This year's team showed improvement over last year's and resulted in having a 7-16 record. This record shows that the team went all out for their final season at this school and, although it's not perfect, this record is a nice way to end the year. With three more wins than the previous year, everyone did their part to make this happen, but the seniors were a large factor. A good example of this would be Michael Duleba's (12) massive 28 points scored in a game against Riverside. With a team mainly comprised of seniors, the upcoming year in the new school will have a brand new team.

## Cheering From The *Sideline*

Just because a player isn't on the court, doesn't mean they aren't contributing to the team. Besides simply regaining their stamina, players encourage their fellow teammates by cheering them on in the direst of situations. Furthermore, teammates typically congratulate each other when they succeed and console each other when they fail, whether it is during the heat of the game or during a quiet free throw, the teammates are always there for each other.

# *Time for Strikes* Girls Varsity Bowling

The varsity girl bowlers put their all into the team this year and gave their best shot. With having all odds stacked against them, they have beat some of the most difficult teams that they did not defeat in previous years. They went from not being able to pick up spares to either getting the spare or a strike their first throw. This year the girls bowling team have come together as a family to finally take control have a winning steak.

# The Last Dance

## Winter Formal

Winter formal is a dance that the junior class hosts in February. Students have the opportunity to dress up and have fun dancing to music and spending time with friends. The theme this year was a glow dance. People were able to wear glow in the dark glasses and glow stick necklaces. This is the last winter formal in this North High School, but there will be more hosted in the new school.

**How did it feel to attend your last winter formal?**

"It was interesting. It was more fun than I expected it to be. I thought that there would not be a lot of people there, but there was. It was fun to be with my friends."

"Winter Formal was a good final goodbye to North from my freshmen self to my senior self."

The Ranger Cafe is a place that students can go to get work done or to just relax. In order to get recommended, one needs to be respectful, responsible, and ready to learn. Teachers can recommend students for the cafe for good grades, improving grades or attendance, or helping others when needed. Students receive a Ranger bracelet that allows them access to the cafe.

# Always Have Spirit Ranger Store

The Ranger Spirit Store, also known as The Commons Corner, is the place to buy school spirit wear. It is run by staff members, with the help of students, and is open during the 4th, 5th and 6th lunch periods. The store sells a variety of t-shirts, hats, bandanas, lanyards, keychains, and more. This is also where all of the event tickets are sold, including Homecoming, Winter Formal, and Prom. Many students made memories because of the Ranger Spirit Store.

## Student Jobs

Many students at North High School have jobs and they work hard at their jobs after school. Some students work at fast-food restaurants, life guard or work with animals. A lot of students are able to work with their friends or have the opportunity to make new friends. Along with meeting new people, students can learn valuable skills that can help them later in life. Kaylee Phillips (12) said, "Working with customers is the best part of my job at Drug Mart."

# A Book We'll Never Forget

Many people think all yearbook includes is taking pictures, but it is so much more than that. The people in this class take into account every aspect that a yearbook has, including the pictures, feature stories, designs and ensuring that everyone is covered in the yearbook. This class helps students learn to incorporate themes, designs, font, colors schemes, and is a great class for beginners or people who have experience.

# History of North

The legacy of Eastlake North High is detailed and interesting, but unknown to most. After it became clear that Willoughby Union High just couldn't meet the demands that the Baby Boom had presented, the decision was made to construct two new schools, Eastlake North and Willoughby South, which was finished in 1958 and 1959, respectively. Both schools were state of the art for the time and were quickly populated with the children of the G.I. Generation. The North building saw it all: The Red Scare, The war in Vietnam, the hippie movement, civil rights, and the post 9/11 era. Some current students of North are third-generation Rangers, whose grandparents were some of the first students to walk these halls. Before the active shooter drills of today came the "duck and cover" drills of the 1950s and early sixties. However, even with all these differences, an old boomer, a millennial, and a modern North student are all one in the same: Rangers.

## Farewell North

Given that the old building is being demolished this summer, North held an event in order to allow former students to walk the halls one last time and reminisce about the good ol' times.

# Origins we won't FORGET

Barbara Larick (12), 1958.

While North says goodbye and good luck to the final senior class of this building, we must reflect on the first round of students to leave these halls with a diploma. Barbara Ann Larick (later Barbara "Bunny" MacCartney), was a senior in the years of 1957-1958. When Barbara went to North, what we now see as an aging infrastructure was state of the art. Bunny would go on to become a mother to three sons, who would have their own children. Some of her descendants would actually go on to attend North themselves. Many students have studied, taken tests, and achieved great things at North High before us. It is crucial that we try and remember them as best as possible.

Eras  
Forgotten

# Farewell North

As students and colleagues, we've achieved great things here at North. We should be thankful to the teachers, students, staff, and all our other mentors who have helped us thus far. Each of us have a better understanding of how to show respect to others, complete work on time, and even to put away our phones during class. Although countless amazing acts have been seen here in the old North building, it's time to say goodbye to the past and forge ahead into the future.

*The memories we have... and the memories we will make.*

One tradition that will be sorely missed is the creation of ceiling tiles by art students.

*Our time has come to an end*

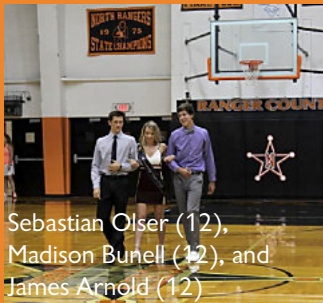

There are things that we will never forget. It's sad to say goodbye. This is where we met our old and new friends. We have watched ourselves mature and start to grow up as a young adult. We had to watch ourselves improve on things. We made mistakes but we learned from them.

Through the decades, there have been many memories in our gym. This past year some memories include , the pep Rally before the North vs. South game, the annoucement of the Homecoming Court, and ther have been many great wins in this gym. We will never forget old North.

# Tatum Kennedy Gluck

Dear Tatum Kennedy,

My Sunshine. You're the strongest girl in our house; a tough, donut doin', military girl, you are a girl after my own heart. I am SO proud of the most intelligent, motivated, 'punny' girl you are.

Congratulations on all you've done, all you've become. Can't wait to see where you go from here!

Love, Mama, Pete, Taylor, Jay & Marni xoxo <3

# Hannah Humphrey

Words can not express the joy you have brought us, nor the pride we have for all of your work. You may be leaving a year early, but that's one year sooner that the world is blessed with you
