## WELCOME TO THE PARTY

WE'RE SO HAPPY YOU COULD JOIN  
US!

This year, we are celebrating all of the good things that happened this year, despite the challenges of COVID. While some events were still eliminated, most tweaked to adhere to guidelines. All sports were able to have some sort of season and seniors were able to end the year celebrating Prom.

## MESSAGE FROM THE PRINCIPAL

Well we made it! Another year is in the books. They say as you get older they go faster and faster. I must be getting older because it still seems like just yesterday we were watching this building being built, and here we are graduating our second class! The 2020-2021 school year was a trying time. If there is anything we've learned in the last year, it's that we have to be flexible. We have to be patient. We have to be kind. The pandemic has presented challenges that we never dreamed of, but life will do that sometimes. Hopefully we never have to experience another pandemic. However, these challenges have taught us we can overcome anything that's put in our way. That might be the most important lesson you take away from your time at North High School. To the class of 2021 - congratulations. Don't forget - you are always a Ranger! We are proud of you. To the rest of North, we'll see you soon! Go Rangers!

Sincerely,  
Mr. Frei

# REMEMBERING THOSE WHO WERE MISSED

## *Quincy Hilliard*

"Quincy had a smile that lit up the whole room and a laugh that made everybody else want to laugh because it was so infectious. He always wanted to put everybody in a better mood, especially during a bad day. He was always putting others first, especially his siblings. He was the sweetest soul the world has ever seen."

Hannah Wetklow (12) prefers Tik Tok over Snapchat. Hannah says she picked Tik Tok because, "I feel that it has more content." Although Hannah has fun making Tik Toks, she likes watching them even more. Her favorite genres of Tik Toks are dance and comedy.

Amaya Toney (12) does not have a specific t-shirt, but she has a unique and one of a kind style. She loves to express herself through wearing fun pants and shirts. And depending on her cute outfit she will coordinate what mask she is wearing to match her clothes! Amaya has been growing out her hair to experiment and to see what it would look like longer.

## LIFE OF THE PARTY

Gracie Dobie (12) has collected different variations of shirts over the years; however she does not have a collection of shirts. When she wears makeup she pulls off a natural everyday look. Her favorite casual style in the cold seasons include leggings and a nice sweatshirt and in the summer she wears a regular t-shirt and shorts. She has a couple leopard print masks and it shows she likes to spice things up and express her style through the masks. Ever since the pandemic she did not intentionally grow her hair out, although it did get longer since she got it done in August.

Throughout a tough pandemic like the coronavirus, Chloe Gregory (12) found some peace of mind by being outdoors. "I think being outdoors helps your mental health by being a really good distraction from everything going on. Especially with what's going on right now with the pandemic, going outside ... can really help you break out of the house for a bit and feel a little less trapped in your house," she says. While being outdoors, Chloe enjoys taking pictures as well as, "walking around and seeing the different wildlife and getting some cool stills of the wildlife." She likes to listen to "chill music" while going on these adventures. The chill music helps relax her and helps keep a calm mind.

## ENTERTAINMENT OF THE DECADE

Mackenzie Polunus' (12) Christmas decorations consist of mini light bulbs in the front of the yard and strobe lights aimed at the front of the house. She enjoys her tradition of playing games on Christmas with her aunt and uncle. On the holidays she goes to her mom's side of the family for Christmas Eve and her dad's side on Christmas day, so she gets to see all of her family. Mackenzie prefers white lights over colored she says "They are brighter and look nicer to me."

Mackenzie also loves to play soccer. She was a captain this year for Girls soccer. She played all 4 years of high school. Her favorite show to binge is Are you the one?, Evil, & Containment. She does not have a show that makes her cringe that she still watches. She also does not have a favorite book that she has read. She spends about five and half hours on her phone a day. Her favorite network service is Netflix. One day her phone would not load Netflix and her Wifi kept going in and out.

## THE MAIN ACT

Ariana Reinke (12): Ariana's daily distance learning routine begins later than if she had to physically go to school. She attends two classes online then uses her third period study hall to catch up on any work. She then has more classes until her second study hall of the day that is the same period as her little brother's lunch. She shares that they often watch Youtube or Disney+, eat lunch together, or she helps him with his class work. She then goes back to class for the rest of the school day. Ariana's workspace is at her kitchen table and she puts all her school supplies in the living room. For Ariana, AP Calculus is the hardest class to take online and AP environmental science is the easiest.

Kylee Russo (12) loves shopping. Since the pandemic she has adjusted to shopping in person while wearing a mask. She said that it doesn't really bother her since she is used to it now. Her favorite store is Forever 21 because she enjoys their fashion trends. She said that the weirdest thing she ever purchased was fake ink that you spray on people. Currently, she has the Alexa Echo Dot in her Amazon Wish List.

# SENIOR HIGHLIGHTS

## *Truly the Roaring 20's*

This year has been very long and confusing for everyone. Trying to navigate senior year is difficult, and being in the midst of a pandemic can make it even harder. A lot of events that are looked forward to throughout the year had to be passed up, which can take a toll on students. Even with the struggle, this class found a way to make it a good year. By working hard to stay safe, these students were able to have some of the events that they normally would outside of the pandemic, like their socially distanced prom and graduation ceremony! By pushing towards their academic goals and truly hoping for the best, everything began to fall into place. **This one goes out to our seniors that made it through the storm!**

## *Sticking Together*

Hard times bring people together, and these seniors made sure their friendship stuck! These years are for making forever friends, and Kacy Kizlik (12) is sure she did. "These girls are my closest friends, and I wouldn't want to spend my high school years with anyone else," she says. Having friends to spend time with really makes school a lot easier, and the time goes by super fast!

## *In Time of Need*

Akshat Shah (11) has excelled through honors, AP classes, and constant new challenges all throughout his time here at North. As a sophomore, Akshat took on a new challenge in the all-new Fab Lab alongside Ms. Beller. With Covid-19 and all of the other craziness throughout the world, this school year has made Akshat realize how little of high school he has left. With the constant transitions between online and brick and mortar learning, this year has definitely taught Akshat that self-discipline is the key to success. Working in the Fab Lab with Ms. Beller has allowed Akshat to help not only students at North, but also other schools in the district such as SOI and South High to name a few.. It has also helped Akshat personally by allowing him to write project proposals, help teach students in other classes, and much more. After he graduates from North, Akshat plans on majoring in electrical engineering at either Case Western or Cleveland State. No matter where the future takes Akshat, there is no doubt that he will be there excited and ready to help others. On behalf of all of North... Akshat, thank you for being the reason so many students and teachers smile.

## KYLE RANDLE – A FORCE TO BE RECKONED WITH ON AND OFF THE COURT

Kyle Randle (11) started his basketball career all the way back in city rec leagues. Since then, he has made his way up all the way from middle school and finally, dipping his toes into varsity games as a freshman. Despite the challenges and many canceled games due to Covid-19, Kyle can say with confidence that the precautions have only made the team bond stronger – treating every game like it could be their last together. Kyle's favorite memory from the basketball program at North was by far when the boys were finally able to pull out their first win against Wickliffe in overtime. Kyle will miss making memories with Jason Reik (12), whom he has played with since their freshman and sophomore years. As Kyle's senior season is just around the corner, he hopes to "have the full experience and season, and of course, make more great memories." Kyle's plan for the future is to study in business or economics and potentially play basketball in college. Kyle Randle is a great kid both on and off the court, and there is no doubt that no matter where his future takes him, it will be a bright one!

### The Invisible Opponent

Covid-19 has put a serious strain on high school sports throughout the entire country. Between canceled games, no spectators, and masks on the sideline—2020 sports had all of the odds stacked against them. However, when change occurred, the Rangers adjusted and came into their sports seasons full force!

# THE MAIN EVENT

Paige Lette (11) has a mixture of shirts of all different styles so she does not really have a specific t-shirt collection. Her daily makeup routine consist of putting on a face a beautiful natural makeup and she pairs this with her favorite outfit of a flannel with some nice jeans and a casual t-shirt. Her style is more of a street style so she goes with the flow. It is safe to say Paige is not a fan of mask, however when she does wear them she wears a plain black or white one. As a person it shows she will make due with what she has and she really isn't into wearing the mask so whatever works. Paige hasn't really done anything with her hair or changed it because she really just likes it shorter.

# SHOW STOPPERS

Luke Federici (11) believes enjoying the outdoors is a great experience, and he says, being outside "allows me to see the world firsthand and opens my eyes to everything around me." Involving yourself with nature can be beneficial in many ways, such as being able to bond with friends. "I enjoy going to the MetroParks in my area with my friends. We like to go on hikes and sometimes play Pokemon Go," says Luke. Through a pandemic like covid-19, we're all trying to find something to occupy ourselves with. While occupying himself, Luke likes to listen his favorite artist, Juice WRLD, because "he has many hours worth of music to listen to."

When asked about her outdoor decorations Molly Rowland (11) said "They are very colorful." Molly prefers white lights over colorful lights because they look more "christmas" to her. Her favorite family tradition is going over her grandma's house on Christmas Eve. For the holidays Molly goes to her grandma's house.

Kalvin Galletti's (11) daily distance learning routine starts at 6:30 AM. He wakes up and gets ready to have a great day online. He attends school from two houses which he mentions can be tough. His desk is equipped with an outlet that lets him charge his computer and phone simultaneously. When Calvin is stuck with a subject or just wants another opinion he will text his friends to help. His hardest online class is Algebra II. The material is hard to grasp online and he doesn't always understand it. His easiest online subject is choir. He says choir makes him energized and always puts a smile on his face.

## THE STAR

# ATTRACTION

Samantha Wirsching's (10) favorite show to binge is Vampire Diaries. The show that makes her cringe but she watches it is Love Island. She does not really read but if she had to name a favorite book it would be The Hunger Games. Her favorite streaming service is Tik Tok. One day her phone kept glitching so she had to delete Snapchat and after she downloaded it again she cried because she could not get logged back in. She spends about 7 hours a day on her phone. She does not have a job yet.

# HIGHLIGHTS

Edlir Alia (10) loves his dog, Ammo. He lives a spoiled life going for car rides and sleeping on the furniture. Edlir says he takes him for walks everyday. Ammo does odd things like hiding toys around the house and taunting their smaller dog..

Jackie Gliha's (10) go to makeup look is a little bit of foundation, a pinch of blush, mascara and then she tops her look off with lip gloss. She does not have a t-shirt collection, although her favorite style is a pair of mom jeans with a simple top! Jackie wears more subtle or simple mask and it shows she is more of a simple person. Before the pandemic had started she cut her hair and hasn't since so she could see how much it has grown.

Being cooped up inside the house for too long gets too boring for Emily Slechta (10). She prefers to be up and moving, and being outside is the perfect place to do so. One of the things she does most often is go on walks, and on these walks she likes to listen to "soft music or background music because it helps me relax, or just some of my favorite pop music." These walks, as well as being outdoors in general, positively impact Emily's mentality. As she says, "being outside helps lower your anxiety and uplifts my mood, it also helps me to be active and boosts my creativity."

## THE MAIN

# ATTRACTION

Going outside can help switch things up during a pandemic such as covid-19. As Easton West (10) deals with being locked up at home, being outdoors is a plus. Easton says that he enjoys going to parks and loves to go to the MetroParks to hike along its vast hiking trails. While on these hikes, he likes to listen to some music. He says that while on these hikes, "I listen to rap because it's upbeat." The music combined with the outdoors helps make a more positive experience for Easton, considering how the pandemic has been going. "Being outside in the fresh air makes me think more clearly," he says.

Ivana Kajic (9)

Morgan Gross (9)

This year's freshmen class encountered many challenges along with entering a new to them school. Although they had to cope and adapt to in-person and online learning throughout the year, they were able to celebrate and participate in all freshmen sports and experience a "normalish" freshmen year. They persevered through every obstacle and will be prepared for the next year!

Elijah Smith (9) and Raelyn Smith (9)

Olivia DeCamillo (9) and Kailey Lesler-Harrold (9)

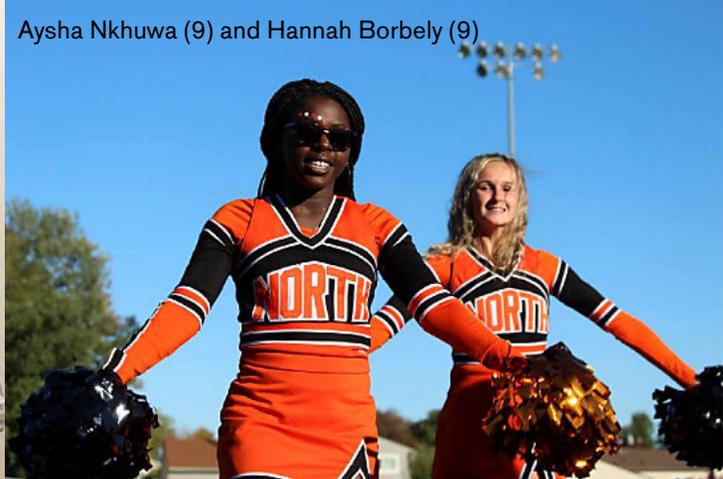

Maeve Walker (9)

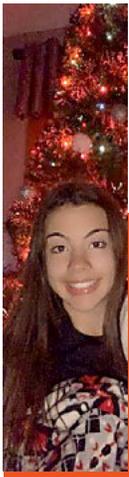

Connor Cipra (9)

Alyssa Hall (9), Katie Bucy (9), and Samantha Cantrell

The favorite family tradition is making sugar cookies with her family. For the holidays she goes to her grandma's house because thats where her whole family goes.

Madisyn Kissinger (9) likes ice cream better than frozen yogurt. She prefers ice cream because "I like more flavors of ice cream then frozen yogurt." Madisyn's favorite flavor of ice cream is mint chocolate chip. She says her favorite ice cream shop is Cooper's. What do you think? Do you agree with Madisyn and like Cooper's or do you prefer CP's Cooler?

# THE KEY

# EVENT

Cameron Kizlik (9) has a nice shirt collection of his favorite sports teams. And to go along with his t-shirt collection his favorite fit to wear is a casual hoodie and a pair of sweatpants which sounds very comfortable. He mainly wears black masks and he says it shows that he is more simple.

Olivia Hopper (9) loves to play soccer and basketball. When she has free time she likes to watch Grey's Anatomy even though she binges it all the time it makes her cringe. She spends about 3 hours on her phone a day. Her favorite entertainment network is Netflix. Her Netflix can be frustrating at times. Once Netflix changed the language to Russian instead of English and she had a hard time turning it back. Her favorite book is Alex Morgan because she is a soccer player and she loves listening and reading soccer player's documentaries. She also likes to hang out with her best friends. Her favorite season is winter because she loves decorating for Christmas with her family. She also likes making cookies and going to see lights with her family.

Cassidy's Vitello's (9) daily distance learning routine starts with her waking up, changing, and eating breakfast. She does all of this before 7:45 AM when she logs on to her first period class. After her third period class she has two free to eat or do whatever she feels like that given day. She makes sure to have an alarm set to go off before sixth period, so she can be ready to log back on. At the end of her school day she then starts on homework. When working in class or on her homework she can be found at her desk. Her laptop takes up much of the space, so to accommodate she leans it standing upright against her wall. Cassidy is also a percussionist in the band and many of her instruments are not with her at home. As a result, when she is in band class she will play her mallets right on her desk.

*Season Of Changes*

One of the best things about cross country is being able to see nature while you're competing. "XC is really competitive, but relaxing at the same time, which isn't like any other sport" says Matison Schmitz.

Especially in the fall, all the leaves changing and the cold air truly makes an experience of a lifetime.

"IT'S BEEN A WILD RIDE THIS SEASON BUT IT WILL DEFINITELY BE REMEMBERED AS UNFORGETTABLE." ABIGAIL RICHARDSON (12)

"I GOT INTO SPORTS MEDICINE BECAUSE I HAVE A PASSION FOR MEDICINE AND PLAN ON BECOMING A DOCTOR ONE DAY AND THIS WAS THE PERFECT FIRST STEPPING STONE FOR THAT FUTURE. I'VE BEEN DOING ALL FOUR YEARS OF HIGH SCHOOL. MY FAVORITE MEMORY WOULD EITHER BE THE SMALL MOMENT SEEING ATHLETES RECOVER FROM INJURIES AND BEING A PART OF THE PROCESS OF GETTING THEM BACK TO THE FIELD OF BEING ON THE SIDELINES WHEN NORTH BEAT SOUTH."  
- BRYANNA BROWN (12)

"I STARTED SPORTS MEDICINE DURING MY FRESHMAN YEAR. I ORIGINALLY JOINED TO GET THE GYM CREDITS AND PLANNED ON ONLY DOING ONE YEAR OF IT. THEN I ACTUALLY REALLY LIKED IT SO I STAYED FOR FOOTBALL SEASONS FOR ALL FOUR YEARS. I'VE ALSO ALWAYS BEEN INTERESTED IN THE MEDICAL FIELD, WHICH IS WHY I CHOSE SPORTS MEDICINE OVER SOMETHING LIKE BAND. I DISTINCTLY REMEMBER LOVING GETTING TO SIT WITH ALL THE GIRLS AND CHRISTINE DURING BEFORE GAME DINNERS LAST YEAR ON FRIDAYS AND PROBABLY CHRISTINE'S QUOTE PAGE."  
- KAYLA CAMPBELL

"I HAVE BEEN A TRAINER MY FRESHMAN YEAR AND I HAVE DONE IT ALL FOUR YEARS OF HIGH SCHOOL. I ORIGINALLY BECAME A TRAINER TO HELP PEOPLE WHEN THEY GOT HURT. I GOT THE OPPORTUNITY TO LEARN A LOT FROM SCHOOL ATHLETIC TRAINERS AND GIVE THEM A HELPING HAND. THERE IS SO MANY MEMORIES THAT I CAN'T JUST CHOOSE ONE AS MY FAVORITE. BUT I WILL ALWAYS REMEMBER THE BONDS I'VE MADE WITH THE OTHER GIRLS IN THE PROGRAM."

Although Homecoming and Spirit week looked a little different this year, North students still had a lot to celebrate, including the nominees for Homecoming Court and the rival game between North and South. This year's Homecoming Court was introduced to the entire school during a presentation that took place during first period at the beginning of Spirit week. The court was re-introduced at the North vs. South football game, and the new king and queen, Scott Blatnik and Madison Vitello were announced and crowned there as well!

The play takes place at 4 AM in the bedrooms of various characters. Throughout the duration of the play, these characters are introduced: a teen DJ, a knife reviewer, an early morning jogger, two girls having a sleepover, a modern day Romeo and Juliet, a teenager that experiences nightmares, two boys having a sleepover, a kid that witnesses a fire, and two police officers.

## What was it like performing an all virtual play?

"RECORDING ONLINE WAS A VERY ODD EXPERIENCE. ACTING WITH OTHERS AND NOT BEING IN THE SAME ROOM WAS DIFFICULT, BUT WE MADE IT WORK AND PUT ON A GREAT PERFORMANCE."  
EMMA KOVACH-UZL (10)

"PRACTICE WAS DEFINITELY DIFFERENT. IT WAS QUICKER AND SOMETIMES A LOT MORE DIFFICULT. RECORDING INVOLVED SETTING UP YOUR OWN SET, MAKING YOUR OWN MAKEUP AND COSTUME, USING YOUR OWN RECORDING DEVICE, AND MORE."  
ISABELLA KREEGER (10)

"HAVING A VIRTUAL SHOW BROUGHT THE CLUB TOGETHER. EVERYONE HAD TO WORK WITH ONE ANOTHER IN ORDER TO FIGURE OUT HOW WE WERE GOING TO GO ABOUT RECORDING OUR SHOW. PRIOR TO 2020, WE NEVER HAD TO THINK ABOUT THINGS LIKE LIGHTING AND CAMERA ANGLES."  
SARAH CHASE (11)

## A Virtual Celebration

The North High School Drama Club rehearsed and performed the play, *4 AM*, completely virtual. The club recorded together in the safety of their own homes and made *4 AM* North High's first ever virtual performance.

Due to COVID-19, the first semester of our school year was unusual for staff and students. After winter break, students were able to get back on track and go back to school; however, some students had chosen to remain online. The winter sports and clubs pushed through all challenges that COVID-19 has brought and that is something to celebrate.

"THIS BASKETBALL SEASON HAS BEEN VERY DIFFERENT WITH THE NEW COVID PROTOCOLS. WE'VE HAD TO QUARANTINE A FEW TIMES BEFORE AND DURING THE SEASON AND THAT'S WHAT I THINK REALLY MADE A BIG CHANGE IN HOW WE PLAYED. NEVERTHELESS WE PLAYED EVERY GAME LIKE IF IT WERE OUR LAST." -MATEO GUTIERREZ (12)

"THE HIGHS WERE DEFINITELY FIRST OF ALL GETTING THAT FIRST WIN AFTER COMING OFF A WINLESS YEAR FROM LAST YEAR. IT WAS PRETTY AWESOME TO FINALLY GET ONE. IT WAS ALSO GREAT JUST TO BE ABLE TO PRACTICE AND PLAY THE GAME THROUGH ALL THE UNCERTAINTY. THE LOWS WERE WHEN WE QUARANTINED 2 TIMES BECAUSE WE THOUGHT THAT COULD BE IT AND I WOULD NEVER PLAY AGAIN, BUT THANKFULLY THAT WASN'T THE CASE." - KEVIN QORRI (12)

"ONE OF THE HIGHS OF THE SEASON WAS DEFINITELY WINNING A COUPLE OF GAMES, IT FELT GREAT. A LOW WAS GETTING QUARANTINED WE WERE FORCED TO MISS TWO WEEKS AND DIDN'T GET TO PLAY SOME GAMES. # ABOUT THE OFFICERS

McKenna Payne (12) is a co-president. She decided to join National Honors Society to have more opportunities to help others. McKenna wanted to become an officer because she "wanted to help others have as many great volunteer opportunities as I had." Her favorite memory she has made being in National Honors Society is meeting new people and volunteering with friends.

Madison Vitello (12) is a co-president. Madison joined National Honors Society because she wanted to meet new people and have more volunteer opportunities. "I wanted to be an officer because I was inspired to lead my peers in acts of service and wanted to encourage others to do the same." Her favorite part of being in National Honors Society is being able to fulfill her love for helping others. Madison misses being able to connect to people on a personal level through volunteering which is harder to do now because of covid.

Kacy Kizlik (12) is the secretary. "I joined National Honors Society to get more experience in leadership and volunteer work." She wanted to be an officer to further her leadership experience. Kacy's favorite part of being in National Honors Society is all of the different opportunities and experiences she has had. "I miss the many in person volunteer opportunities that covid took away this year, because it was always so much fun volunteering with friends."

Erin Panchula (12) is the historian. She was interested in joining National Honors Society because she "wanted to be a part of a group that supported both academics and helping the community." Erin wanted to become an officer because she wanted to help the group and gain some leadership opportunities. # OUR RETURNING Third Years

Amaya Toney (12) and Nicolette Slechta (12)

Since yearbook first became an elective back during the 2018-2019 school year, seniors Amaya Toney and Nicolette Slechta have been with yearbook since day one, along with Mrs. Fryman, the head of the yearbook staff. These two have been putting in their tireless efforts to improve North's yearbook each year. During their three years in yearbook, they've learned (and taught) a lot. "I never expected this class to help me slowly come out of my shell of shyness and be more confident with myself when communicating with others and I'm very grateful for it," says Nicolette. Since these two have the most experience using the software and cameras, they've had to help other students get used to everything and teach them how to use both the cameras and software. Throughout the years, they've been a great help to get this class rolling and to have been there to see it flourish since its beginning.

# THE HOSTS: YEARBOOK STAFF

This school year has been quite the upset with trying to complete school during a pandemic due to COVID-19. Schools have struggled going back and forth from going online to staying in the buildings, but no match is too difficult for this hardworking group of students. With all this chaos as well as losing their teacher mid year due to her maternity leave, this class has learned to pull through, thick and thin. Creating the yearbook is not an easy task as there is a lot that goes into it, such as making sure that the majority, if not all,

students are covered in the yearbook at least three times. That's over 1,200 students that need to be covered! The pandemic that is keeping many students at home even while the school building is open makes this job all the more difficult, but this diligent group of students can surmount any task at hand. Through their dedication and teamwork, the yearbook staff is determined to create a yearbook that accurately represents the challenges, accomplishments, and normalcy of this school year.

## Assignment: SCAVENGER HUNT

As one of the assignments to help get the students used to using the cameras and how to take different types of pictures, Mrs. Fryman assigns the students to go on a scavenger hunt around the school to take various pictures that fit the different categories given, including leading lines, birds-eye view, an artistic shot, a pair of students, and more.

## Top 10 Seniors

Dear North Rangers,

Thank you so much for celebrating the school year with us! We hope you enjoyed the all events that occurred this year despite some of the challenges presented. We worked vigorously to cover all of the new and old traditions. We had a blast hosting and creating a yearbook for you all to enjoy. This year is one we will always remember.

Sincerely,  
 Your 2020-2021 Yearbook Staff
