

ALTERNATIVE PROGRAMS

Success Academy - Grades 6-8

Designed for students who may:

- thrive in a hands-on, highly active learning environment
- are experiencing an unstable home life and could benefit from positive adult role models
- present persistent behaviors that impede their learning
- need additional social emotional support
- struggle with positive social interaction with peers and/or adults
- exhibit a lack of confidence and motivation about school
- who need additional support to develop life skills and future plans

Bridge to Success - Grades 11-12

Designed for upper level students who may:

- are credit deficient and at risk of not completing graduation requirements
- present persistent behaviors that impede their learning
- experience significant medical issues that prevent them from consistent attendance for in-person learning
- struggle with positive social interaction with peers and/or adults
- frequently don't participate in academic activities
- lack motivation to succeed in school or work towards graduation

PACE (Providing Alternative Choices in Education) 9-12

Designed for students who may:

- have behaviors that impede their learning and cause a disruption to the educational environment
- have emotional needs that make them at-risk for problem behaviors and academic failure
- demonstrate aggressive behaviors in school environments
- are disconnected from the educational experience and struggle with positive social interaction with peers and/or adults
- who need additional support to develop life skills and future plans
